

Ohio Rolls Out Online Benefit Application

In November 2010, Ohio rolled out its Online Benefit Application System, which is a new web-based tool that allows Ohioans to apply online for food assistance, cash assistance, and Medicaid.

The tool can be accessed through any web connection by simply logging into: ODJFSBenefits.ohio.gov. Participants can also use this tool to report changes to their cases.

Once an online application is completed or a case change is reported, it will be forwarded to Job & Family Services for processing. The individual will receive a confirmation number and an e-mail acknowledging receipt by the county. A follow-up telephone call will then be received to verify the information submitted and to possibly schedule an interview.

Since the roll-out, Job & Family Services of Clark County has received approximately 60 online applications. Filing an application or reporting a change online is a great convenience. Customers can now save on transportation and child care

The mission of Family & Children Services of Clark County is to promote protection, stability and permanency for children and older adults.
