JOB & FAMILY SERVICES OF CLARK COUNTY
RidesPlus Transportation Program
RFP# 01-CY12

SECTION I.

GENERAL PURPOSE & PROVIDER INFORMATION

1.1 Purpose

Job & Family Services of Clark County (JFSCC) releases this Request for Proposals (RFP) for the purpose of obtaining provider(s) to provide a non-fixed route, demand responsive, point-to-point transportation service that operates from 5 a.m. to Midnight six days per week. (When necessary, Sunday service is offered to Medicaid clients for transportation to dialysis as an alternate schedule for Thanksgiving, Christmas, and New Year's Day). JFSCC is seeking providers who have the capacity to provide approximately 32,000 trips annually to accommodate the demand from customers in need of such trips.

1.2 Background

Lack of reliable transportation has been identified as one of the most frequent barriers to both health and self-sufficiency. Many people have difficulty reaching their destinations during evenings and weekends when transit services are not offered. Similarly, destinations in the county or outside of the county—areas not served by the transit authority—are also difficult to reach. For example, kidney dialysis services in Clark County are offered six days each week from early in the morning until late at night. Sometimes this means that the client must be picked up as early as 5:00 a.m. or taken home as late as 11:00 p.m.

The purpose of this program is therefore to provide additional transportation options for low-income people. This program shall serve as a curb-to-curb transportation system that will transport low-income people to and from employment, work activities, medical appointments, child care, or other social service programs.

1.3 Overview of the Project

The RidesPlus transportation system is a non-fixed route, demand responsive, point-to-point transportation service that operates from 5 a.m. to Midnight six days per week. (When necessary, Sunday service is offered to Medicaid clients for transportation to dialysis as an alternate schedule for Thanksgiving, Christmas, and New Year's Day). Medicaid clients and other low income people have access to dependable, on-time, safe transportation to and from work, health care providers, work activities, or child care.

Request for Proposals (RFP)
RidesPlus Transportation Program

RidesPlus Transportation Program	
Total trips during calendar year 2010	31,317
Total riders during calendar year 2010	3,878
Average monthly out-of-county trips	
Average trips on Saturdays	
Average monthly loaded miles	
Average ride time	16.69 minutes
Average daily calls to dispatch center	
Average length of calls to dispatch center	

Some customers require transportation out-of-town (outside the Springfield city limits) or out-of-county, such as to the Cleveland Clinic for medical appointments. For those trips, reimbursement can be sought for out-of-town mileage. Attachment F illustrates the volume of out-of-town mileage for the past several years. Only transportation for medical appointments out-of-county shall be authorized, as all other transportation shall consist of trips within Clark County.

Currently, eligibility is determined by Job & Family Services of Clark County as well as by other community agencies. Once transportation is authorized, the customer is assigned a unique personal identification number (PIN). He/she then calls a centralized scheduler/dispatcher to arrange transportation. Transportation is also accessible for individuals that have disabilities.

Through this system, the RidesPlus Transportation Contractor serves as the lead transportation entity with a coordinated program. Transportation is provided by vehicles that have been dedicated to this project. Rides may also be purchased from other community agencies which have vehicles that are not being fully utilized.

1.4 Objectives of the Project

Because trips are scheduled based on customers' appointments or work schedules, it is critical that customers arrive at their destinations in a timely manner. For this reason, the on-time performance standard for this program will be 90%. Delivery to destination will be performed and reported by RidesPlus using this standard. On-time is defined as arrival within 15 minutes prior to or 15 minutes after the scheduled time of delivery. Delivery to employment or work activities on time or early for the beginning of customers' shifts is critical and takes precedence over other types of trips.

1.5 Target Population

Customers have a variety of needs for which transportation services are provided through this program:

Job & Family Services of Clark County

Request for Proposals (RFP)

RidesPlus Transportation Program

- Approximately 75% of the customers need transportation to and from medical appointments—mostly to dialysis appointments three times per week;
- Approximately 10% of the customers need transportation to and from work;
- The remaining 15% of customers need transportation to a variety of other activities, such as child care, or other social service programs.

Additionally, there is a certain percentage of the total population needing transportation services that require ADA accessible vehicles in order to utilize the services. Providers must describe their capacity to accommodate this population.

1.6 Anticipated Procurement Timetable

JFSCC reserves the right to revise this schedule in the best interest of Job & Family Services of Clark County and/or to comply with the County procurement procedures and regulations and after providing reasonable notice.

1.7 Reporting Requirements

The chosen provider shall provide monthly and quarterly reports to the Contracting Office. Monthly reports shall include the following information: total unduplicated number of participants served, itemized list of trips/charges by service codes, number of in-county trips at the per-trip rate, number and total miles for out-of-county trips (further identifying this information for out-of-contiguous county trips), hourly charge for any scheduled Sundays/holidays, monthly base rate, an itemization of payments or adjustments made to or received from any partners or subcontractors, and a list of

employers served during the month. In addition, the chosen provider will submit monthly Soft Services reports categorizing expenditures by type and numbers served (for PRC-eligible customers).

Quarterly reports shall include the on-time performance (percentage) and the level of satisfaction (percentage) as reported by the customers.

Providers should, in their proposals, provide assurances that reporting requirements will be met. Additionally, providers must describe methods and mechanisms in place to provide adequate tracking of contracted outcome measurements.

1.8 Internet Question & Answer Period; RFP Clarification Opportunity

Providers may ask clarifying questions regarding this RFP via email during the Q&A Period as outlined in Section 1.6, Anticipated Procurement Timetable. To ask a question, providers must submit all questions in writing, via email, to ebrodine@clarkdifs.org prior to the closing time and date for the Question & Answer Period.

Questions about this RFP must reference the relevant part of this RFP, the heading for the provision under question, and the page number of the RFP where the provision can be found. The provider must also include the name of a representative of the provider, the company name and business phone number. JFSCC may, at its option, disregard any questions which do not appropriately reference an RFP provision or location, or which do not include identification for the originator of the question. JFSCC will not respond to any questions submitted after 9 a.m. on the date the Q&A period closes.

JFSCC responses to all questions asked via email will be posted on the Internet website dedicated to this RFP, for reference by all providers. Providers will not receive personalized or individual email responses. Clarifying questions asked and JFSCC responses to such questions comprise the "JFSCC Q&A Document" for this RFP.

Provider proposals in response to this RFP are to take into account any information communicated by JFSCC in the Final Q&A Document for the RFP. **It is the responsibility of all providers to check this site on a regular basis for responses to questions, as well as for any amendments or other pertinent information regarding this RFP.**

Accessibility to the JFSCC Q&A Document will be clearly identified on the website dedicated to this RFP, once that document is made available.

IMPORTANT: Requests from providers for copies of previous RFPs, past provider proposals, score sheets or contracts for this or similar past projects, are Public Records Requests (PRRs), and are not clarification questions regarding the present RFP. PRRs submitted in accordance with directions provided in Section 1.10, Communication

Job & Family Services of Clark County
Request for Proposals (RFP)
RidesPlus Transportation Program

Prohibitions will be honored. The posted time frames for JFSCC responses to email questions for RFP clarification do not apply to PRRs.

Providers are to base their RFP responses, and the details and costs of their proposed projects, on the requirements and performance expectations established in this RFP for the future contract, NOT on details of any current or past related contract.

Requirements under a current project may or may not be required by JFSCC under any future contract, and so may not be useful information for providers who choose to respond to the RFP. If providers ask questions about existing or past contracts using the Q&A process, JFSCC will use its discretion in deciding whether to provide answers.

Interested providers should also refer to RFP Section 1.11, Contract Period and Funds Available, for related information.

There is an established time period for the Internet Q&A process (see Section 1.6, Anticipated Procurement Timetable, above). JFSCC will only answer those questions submitted within the stated time frame for submission of provider questions, and which pertain to issues of RFP clarity, and which are not requests for public information. JFSCC is under no obligation to acknowledge questions submitted through the Q&A process if those questions are not in accordance with these instructions.

Should providers experience technical difficulties accessing either the JFSCC website where the RFP and its related documents are published, they may contact Erin Thomas-Brodine at ebrodine@clarkdjfs.org.

1.9 Bidders' Conference

A bidders' conference has been scheduled for September 7, 2011 at 9 a.m. in the Buckeye Room in Building C at the Job & Family Services of Clark County campus, 1345 Lagonda Avenue, Springfield, Ohio. JFSCC staff will respond to questions regarding the requirements of the RFP.

All prospective proposers should plan to attend this conference. Please bring your copy of the RFP. All questions following the bidders' conference must be submitted in writing by 9 a.m. on September 8, 2011 and answers will be posted by 9 a.m. on September 21, 2011. For all questions asked prior to, during, and after the bidders' conference, answers will be formulated and posted on the website dedicated to this RFP, for reference by all potential proposers.

As noted in Section 1.10, Communication Prohibitions (below) of this RFP, JFSCC may not specifically notify any provider of changes or announcements related to this RFP except through the website posting. It is the affirmative responsibility of interested proposers to be aware of and fully respond to all updated information posted on this web page.

1.10 Communication Prohibitions

From the issuance date of this RFP until an actual contract is awarded to a provider, there may be no communications concerning the RFP between any provider that expects to submit a proposal and any employee of JFSCC, or any other individual regardless of their employment status, who is in any way involved in the development of the RFP or the selection of the contractor.

The only exceptions to this prohibition are as follows:

1. Communications conducted pursuant to Section 1.8, Internet Q&A Period;
2. As necessary in any pre-existing or on-going business relationship between JFSCC and any provider that could submit a proposal in response to this RFP;
3. As part of any provider interview process or proposal clarification process initiated by JFSCC, which JFSCC deems necessary in order to make a final selection;
4. If it becomes necessary to revise any part of this RFP, JFSCC will post those revisions, amendments, etc., to the website dedicated to this RFP;* and
5. Any Public Records Request (PRR) made through JFSCC.

***Important Note:** Amendments to the RFP or to any documents related to it will be accessible to interested providers through the original web page established for the RFP. All interested providers must refer to that web page regularly for amendments or other announcements. JFSCC may not specifically notify any provider of changes or announcements related to this RFP except through the website posting. It is the affirmative responsibility of interested providers to be aware of and to fully respond to all updated information posted on this web page.

JFSCC is not responsible for the accuracy of any information regarding this RFP that was obtained or gathered through a source other than the Internet Q&A process described in this RFP. Any attempts at prohibited communications by providers may result in the disqualification of those providers' proposals.

1.11 Contract Period and Funds Available

JFSCC is seeking to contract with a provider for transportation services for the period January 1, 2012 to December 31, 2012.

The RidesPlus Transportation Program is supported by a variety of federal, state, and local funding sources.

Potential providers should be aware that JFSCC may, at its sole discretion, negotiate with all technically qualified providers for a revised cost proposal if the cost proposals of all technically qualifying providers are in excess of the available funding for this project.

Section 6.1 C, Phase III. Review—Criteria for Considering the Cost Proposal, of this RFP establishes further information on JFSCC procedures to be implemented if this occurs.

1.12 Renewal Clause

Upon agreement of the provider and JFSCC, any contract entered into may be renewed for an additional 1-2 program years without going out for bid each year, provided the contract award does not increase more than 2-3% for the renewal period and performance standards are being met, unless the increase limit is waived by JFSCC.

1.13 Termination Clause

JFSCC may terminate any contract entered into when it is determined by JFSCC in its best interest to do so, by giving at least thirty (30) days advance notice, in writing, to the Contractor. The Contractor shall be entitled to receive just and equitable compensation for any services satisfactorily performed hereunder through the date of termination.

SECTION II. PROVIDER EXPERIENCE AND QUALIFICATIONS

2.1 Demonstration of Experience

The proposer's previous experience in operating a demand response transportation system should be demonstrated. References should be included.

SECTION III. SCOPE OF WORK & SERVICES TO BE PROVIDED

3.1 Scope of Work

In the delivery of this service, it is expected that the contractor will operate a program which accomplishes all of the following:

1. Provides a demand-responsive transportation system sufficient to accommodate the volume described in Section 1.3, Overview of the Project, of this RFP.
 - a. The program will operate from 5:00 a.m. until 12:00 midnight, Monday through Saturday, excluding federal holidays. (When a federal holiday occurs on Monday, Sunday service for dialysis patients must be provided.)
 - b. Approximately 32,000 trips shall be provided annually. However, providers should demonstrate their capacity to expand or reduce the program to accommodate the increase or decrease in demand.
 - c. At least 90% of all customers will reach destinations within the prescribed time standard.

2. Ensures staff sufficient to perform the service, including provision of:
 - a. Schedulers and dispatchers for those customers calling the RidesPlus telephone number.
 - b. Drivers, either hired or retained through other agreements. Providers shall indicate the number of drivers to be used for this program.
 - c. Administrative staff sufficient to provide agreed upon reports, develop and implement needed policies and procedures, perform monthly invoicing and accounting functions, and work with all sub-contractors to buy and sell excess capacity.
 - d. An “ombudsman” function to ensure good customer service and quick resolution of complaints.
3. Provides sufficient number of primary vehicles to meet the demand specified in Section 1.3, Overview of the Project, of this RFP, including provision of:
 - a. Suitable back-up vehicles during such times that the primary vehicles are not in service.
 - b. Vehicles to serve disabled customers, including no less than one ADA lift van.
 - c. Vehicles that are in good mechanical order and no more than two years old on the date the contract becomes effective.
 - d. Vehicle maintenance in accordance with a regular inspection and maintenance program.
 - e. The capability for continuous two-way communication with all vehicles.
 - f. Provider shall indicate the number of primary vehicles, back-up vehicles, and ADA accessible vehicles to be used for this program.
4. Assumes all other operational costs, including:
 - a. Provision of automated scheduling software that performs client registration, trip reservations, routing and scheduling, dispatching and reporting.
 - b. Provision of all other equipment and facilities necessary to support the program.
5. It is expected that the contractor maintain a local presence to facilitate ease of service delivery. Providers shall indicate in their proposals their capacity and willingness to establish/maintain a local presence to coordinate the transportation program.

3.2 Services to be Provided

The contracted services shall include the following:

1. Provide transportation six days per week (Monday through Saturday), with limited Sunday transportation as noted above. Hours of operation will be 5:00 a.m. to 12:00 midnight.
2. Compensate and administer all employees' wages, benefits, workers' compensation and taxes.
3. Provide suitable back-up vehicles during such times that the primary vehicles are not in service.
4. Schedule and dispatch transportation for those clients calling the RidesPlus telephone number.
5. Maintain continuous two-way communications with all vehicles.
6. Provide all participating entities with monthly summary reports and other reports as needed.
7. Work with subcontractors to schedule, buy and sell excess capacity for demand transportation.
8. Assume all other operational costs.
9. Respond within 48 hours to any customer concerns about service.
10. Maintain adequate phone lines to ensure that customers can reach RidesPlus in a timely manner.
11. Act as the agent for billing and reimbursement when contracts are negotiated with other transportation providers and other organizations wishing to purchase transportation services.
12. Maintain an "ombudsman" position, the purpose of which is to ensure good customer service and a quick resolution of complaints.

3.3 Selected Provider Compensation Structure

Payment to the Contractor shall be made on a unit cost, fee for service, reimbursement basis. Payment shall consist of the monthly base rate, unit cost per trip, unit cost per mile for out-of-county trips, and hourly cost for Sundays/holidays, when applicable. The unit cost represents a true measure of the actual cost of providing the contracted number of units of service. At the end of the contract, unit cost contractors may be asked to reconcile revenue against the total actual expenditures and reimburse JFSCC for over-budgeted expenses.

3.4 Responsibilities of Job & Family Services of Clark County

As the lead public agency in this partnership, the Department provides a number of services, included but not limited to the following:

1. Determine eligibility of customers to receive transportation services.
2. Assign a unique PIN number to each eligible customer and provide that PIN number and other identifying information to the Contractor.

3. Inform other agencies of the possibilities for collaboration that exist through the RidesPlus program. Approve other entities for participation in the RidesPlus Program.
4. Using data provided by the Contractor, provide all reporting to the Ohio Department of Transportation for compliance with regulations associated with the Ohio Coordination Grant Program.
5. Provide fare system for longtime, non-Medicaid customers as a strategy for (a) encouraging existing riders to find other sources of transportation to meet their non-Medicaid needs, and (b) defraying some of the costs of the RidesPlus Transportation System.

SECTION IV. LIMITATIONS AND OTHER REQUIREMENTS

4.1 Limitations

This RFP does not commit JFSCC to award a contract or to pay any cost incurred in the preparation of a proposal. JFSCC reserves the right to accept or reject any or all proposals received, to negotiate services and cost with proposers, and to cancel in part or in its entirety this RFP.

JFSCC will review each proposal with respect to price, proposer's administrative and programmatic capabilities, and conformance to the RFP criteria. JFSCC may reject all responses if proposed rates are unreasonable or if the proposers do not meet the RFP acceptance criteria.

All proposals submitted in response to the RFP will become the property of JFSCC.

4.2 Interview

Providers submitting proposals may be required to participate in an in-depth interview as part of the evaluation process. The interview, if necessary, may include participants from JFSCC and/or other county agency staff or other representatives it may appoint, as appropriate. JFSCC reserves the right to select from responding providers for interviews and may not interview all providers submitting proposals. The provider shall bear all costs of any scheduled interview.

4.3 Proposal Cost

Costs incurred in the preparation of this proposal are to be borne by the provider and JFSCC will not contribute in any way to the costs of the preparation. Any costs

associated with interviews will be borne by the provider and will not be JFSCC's responsibility (see Section 4.2, Interview, above).

4.4 Certifications

Any provider responding to any JFSCC RFP, or any other procurement opportunity, is required to provide certification of insurance. The following are the standard requirements of insurance for providers who hold contracts with Clark County. Providers must provide, in their proposals, assurances regarding the items outlined below:

- a. Worker's Compensation Insurance as required by Ohio law and any other state in which work will be performed, or letter of exemption.
- b. Commercial General Liability Insurance for a minimum of \$1,000,000 per occurrence with an annual aggregate of at least \$2,000,000, including coverage for subcontractors, if any are used.
- c. Umbrella or Excess Liability insurance (over and above Commercial General Liability) with a limit of at least \$2,000,000.
- d. Auto Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the work of Clark County, or its departments, with limits of at least \$300,000 (Combined Single Limit) or, \$100,000 per person and \$300,000 per accident for Bodily Injury and \$100,000 per accident for property damage.
- e. The Board of Clark County Commissioners (not the Department of Job & Family Services) must be named as "Additional Insured" on the policies listed in paragraphs b, c, and d above. The Board of Clark County Commissioners must also be named as the Certificate Holder at 50 E. Columbia St., Springfield, Ohio 45502.
- f. Professional liability or errors and omissions insurance (if applicable) for a minimum of \$1,000,000 per incident. Note: The type of coverage will vary based on the profession or service of the contractor. Normally, at least errors and omissions coverage should be obtained with a minimum of \$1,000,000 per incident liability limit with the County named as additional insured. ("Additional insured" designation may be unavailable for some professions.)

See Section 5.2, Format for Organization of the Proposal/Proposal Content, of this RFP for specific instructions regarding inclusion of these documents in proposals. Failure to provide proper certifications as part of the proposal submitted to JFSCC may result in the disqualification of the provider's proposal from consideration.

4.5 Declaration of Material Assistance Requirements

Any provider responding to any JFSCC RFP, or any other procurement opportunity, is required to provide certification that the provider has not provided material support or

resources to any organization listed on the “Terrorist Exclusion List” (TEL) maintained by the U.S. Department of State. The Declaration of Material Assistance Form, which can be accessed at <http://www.publicsafety.ohio.gov/links/HLS0038.pdf> must be printed, completed, and signed by the interested proposer’s authorized representative, and returned to JFSCC as a component of the provider technical proposal/bid. Failure to properly complete the form or to provide it as part of the proposal submitted to JFSCC may result in the disqualification of the provider’s proposal from consideration.

Providers may access the TEL from the Ohio Homeland Security Office website, located at http://www.publicsafety.ohio.gov/links/terrorist_exclusion_list.pdf or via e-mail to dma-info@dps.state.oh.us for the current list of excluded organizations and additional information.

4.6 Campaign Contribution Declaration

As part of the submitted proposal, providers must include the attached notarized Affidavit in Compliance with Section 3517.13 of the Ohio Revised Code form (Campaign Contribution Declaration – HB694). Amended Substitute House Bill 694 (“HB 694”) limits solicitations of and political contributions by owners and certain family members of owners of businesses seeking or awarded public contracts.

All providers interested in responding to this RFP must include the completed Campaign Contribution Form (included in this RFP as Attachment D) in their proposals.

4.7 Personal Property Tax Statement

As part of the submitted proposal, providers must include the attached notarized Personal Property Tax Statement. Failure to include this statement as part of the proposal submitted to JFSCC may result in the disqualification of the provider’s proposal from consideration.

4.8 Subcontractor Identification and Participation Information

Any providers proposing to use a subcontractor for any part of the work described in this RFP must clearly identify the subcontractor(s) and their tasks in their proposals. The proposal must include a letter from the proposed subcontractor(s), signed by a person authorized to legally bind the subcontractor, indicating the following:

1. The subcontractor’s legal status, federal tax ID number, and principle business address;
2. The name, phone number, and fax number of a person who is authorized to legally bind the subcontractor to contractual obligations;
3. A complete description of the work the subcontractor will do;

4. A commitment to do the work, if the provider is selected;
5. A statement that the subcontractor has read and understands the RFP, the nature of the work, and the requirements of the RFP.

There may be no dollar amounts of any kind included with subcontractor information; inclusion of dollar amounts will result in the disqualification of the primary provider's entire proposal.

4.9 Waiver of Minor Proposal Errors

JFSCC may, at its sole discretion, waive minor errors or omissions in provider's Technical and/or Cost proposals/forms when those errors do not unreasonably obscure the meaning of the content.

4.10 Proposal Clarifications

JFSCC reserves the right to request clarifications from providers of any information in their Technical and/or Cost proposals/forms, and may request such clarification as it deems necessary at any point in the proposal review process.

SECTION V. PROPOSAL FORMAT & SUBMISSION

5.1 Proposal Submission Information

JFSCC requires proposal submissions in both paper and electronic format. The proposal must be prepared and submitted in accordance with instructions found in this Section. The proposal submission must be comprised of:

- **Six paper copies (one signed original and five copies) and** either one CD-ROM copy of the Technical Proposal or the Technical Proposal may be emailed to ebrodine@clarkdifs.org.

AND

- in a sealed, separate envelope, **six paper copies (one signed original and five copies) and** one CD-ROM copy of the Cost Proposal or the Cost Proposal may be emailed to ebrodine@clarkdifs.org.

The providers' total proposal submissions (both the technical and cost proposals in all required copies) must be received by JFSCC complete no later than 4 p.m. on October 7, 2011. Faxed submissions will not be accepted. **Proposals must be addressed to:**

**Attention: Erin Thomas-Brodine
1345 Lagonda Avenue
Springfield, Ohio 45503**

Providers' original technical and cost proposals must contain all the information and documents specified in Section 5.2, Format for Organization of the Proposal. All copies (both paper and CD-ROM/e-mail) of the original proposal must include copies of ALL information, documents, and pages in the original proposal.

Along with the Technical Proposal, the provider must submit the Cost Proposal in a separate, sealed envelope/package labeled: "**NOTE: DO NOT OPEN. COST PROPOSAL
ENCLOSED FOR RIDESPLUS TRANSPORTATION PROGRAM RFP – RFP#01-CY12
SUBMITTED BY [PROVIDER'S NAME HERE].**"

The CD-ROM/e-mail copy of the Technical Proposal must include all components of the technical proposal, including any required or voluntary attachments to it. The CD-ROM/e-mail copy of the Cost Proposal must include all cost proposal components, including any required or voluntary attachments. **The CR-ROM containing the Cost Proposal must be submitted in the sealed envelope containing the hardcopy Cost Proposal. If the provider chooses to submit the electronic copy of the Cost Proposal, it must submit separately from the e-mail containing the Technical Proposal.** The CD-ROMs must be labeled with the provider's name, the RFP number, and the proposal submission date or proposal due-date, at minimum. The requested CDs/e-mails will be used by JFSCC for archiving purposes and for fulfillment of Public Records Requests. Failure to include them or to properly label them may, at JFSCC discretion, result in the rejection of the provider from any consideration.

All proposal submissions must be received, complete, at the above address, via mail or hand delivery by the above date and time. Materials received separately from a provider's proposal submission (e.g. letters of recommendation from past customers of the provider's services) will not be added to the proposal nor considered in the review and scoring process. Materials received after the date and time as stated above will not be included in any previous submissions, nor will they be delivered. JFSCC is not responsible for proposals incorrectly addressed or for proposals delivered to any location other than the address specified above.

For hand delivery on the due date, providers are to deliver the proposals to the address specified above. **JFSCC is not responsible for any proposals delivered to any address other than the address provided above.**

5.2 Format for Organization of the Proposal/Proposal Content

A. Technical Proposal

A sample Technical Proposal Evaluation Score Sheet is provided as **Attachment B** of this RFP. **Providers are strongly encouraged to use the Score Sheet to check their proposals for quality, compliance, and completeness prior to submission.** The provider's Technical Proposal must contain the following components, organized in the format described below:

Section 1 *Identifying Information:* The name of the proposing organization, address, name of contact person, telephone number, e-mail address, etc. should be clearly identified.

Section 2 *Provider Experience & Qualifications*
Demonstration of Experience (Section 2.1)

Section 3 *Services to be Provided:* This section must address each of the items that appear in Section III. Scope of Service & Services to be Provided. The following format should be utilized:

- a. Design and organization of the system;
- b. Proposed staffing plan, including table of organization and job descriptions;
- c. Number and description of vehicles that will be provided, including any arrangements with other partners or subcontractors. Providers must also specify the number of ADA accessible vehicles that will be provided;
- d. Description of scheduling, dispatching, and reporting capabilities;
- e. Description of other facilities and equipment that will be provided;

Section 4 *Reporting:* Provide assurances with regard to the ability to meet all reporting requirements outlined in Section 1.7, Reporting Requirements, of this RFP.

Section 5 *Commitment to customer responsiveness:*

- a. Description of complaint resolution process, including complaints from riders, partners, or the general public;
- b. Ability to meet standards of performance as described in the scope of work and the assurances as described in Attachment G.

Section 6 *References:* Provide the names and contact information for up to three entities for which the provider has performed similar large scale projects in the past five years.

Section 7 *Other Pertinent Information:* This section may include additional information not requested elsewhere.

Section 8 Provider Assurances Form

- Declaration Regarding Material Assistance/Non-Assistance to a Terrorist Organization
- Campaign Contribution Declaration Form
- Personal Property Tax Statement
- Assurances and Certifications
- A copy of the most recently completed financial audit

All pages in the Technical Proposal must be sequentially numbered, with the exception of Section 8 contents.

IMPORTANT: Any provider Technical Proposals found to contain any prohibited cost information shall be disqualified from consideration. Prohibited cost information is defined as any dollar amounts which JFSCC might find indicative of the relative cost or economy of the proposed project. However, information on the assets, value, or historical business volume of the provider is NOT considered to be such prohibited cost information, and MAY be included in any provider's technical proposal. Any prohibited cost information must be submitted with the separate, sealed project budget/Cost Proposal. The Technical Proposal is defined as any part of the provider's proposal (either as required by JFSCC or sent at provider's discretion, such as work plan, resumes, letters of recommendation, letters of cooperation from any subcontractors, etc.) which is not specifically identified by JFSCC as a required component of the separate, sealed project budget/Cost Proposal. Should a provider feel it is important to include any documents containing such prohibited cost information in the technical proposal, the cost information in those documents must be made unreadable by the provider before submission of the proposal to JFSCC.

B. Cost Proposal

A sample Cost Proposal Evaluation Score Sheet is provided as **Attachment C** of this RFP. **Providers are strongly encouraged to use the Score Sheet to check their proposals for quality, compliance, and completeness prior to submission.**

Six (one signed original and five copies) copies of the Cost Proposal must be submitted in a separate, sealed envelope, and labeled: “NOTE: DO NOT OPEN. COST PROPOSAL ENCLOSED FOR RIDESPLUS TRANSPORTATION PROGRAM RFP#01-CY12 SUBMITTED BY [PROVIDER’S NAME HERE].**”**

This envelope/package must also contain the labeled Cost Proposal CD-ROM (if the provider chooses not to email the proposal to the specified address). The Cost Proposal must include a statement that the prices quoted are firm.

Providers are to use the format outlined below to submit their cost proposal for the period January 1, 2012 to December 31, 2012. At the provider's discretion, additional documentation may also be included with the proposal, as explanatory information, but when making the provider selections and when executing the contract, JFSCC will consider only the dollar amounts displayed in the Cost Proposal Budget.

Provider must propose four rates, according to the following:

- a. A *monthly base rate*, which includes all fixed costs associated with the program;
- b. A *per trip rate* for each trip;
- c. A *mileage rate* for all trips outside of Clark County;
- d. A *per trip rate* for each trip within Clark County outside of the hours specified in the Scope of Work. (More than one rate may be proposed.)

A budget supporting each rate must also be included. Additionally, providers must specify the cost of fuel that is assumed in determining the unit costs. If energy prices increase by over 30% during the contract period, the Department will be open to renegotiation of costs at that point.

C. IMPORTANT – PROVIDER DISQUALIFIERS FOR PROPOSAL ERRORS

Any provider's Technical Proposal found to contain any cost information shall be disqualified from consideration. Cost information is defined as any dollar amounts which might be deemed to be indicative of the relative cost or economy of the proposed project. Information on assets, value, or historical business volume of the provider is NOT considered to be such prohibited cost information and MAY be included in any provider's technical proposal as information on business capacity and stability. All prohibited cost information must be submitted with the separate, sealed Cost Proposal. The Technical Proposal is defined as any part of the provider's proposal (either as required by JFSCC or sent at provider's discretion), such as work plan, resumes, letters of recommendation, letters of cooperation from any subcontractors, etc., which is not specifically identified by JFSCC as a required component of the separate, sealed Cost Proposal. Should a provider determine to include in the technical proposal any documents which contain such cost information, the cost information in those documents must be made unreadable by the provider before submission of the proposal to JFSCC. Failure to follow these instructions will result in disqualification.

SECTION VI. CRITERIA FOR PROPOSAL EVALUATION & SELECTION

6.1 Scoring of Proposals

JFSCC will contract with a provider that best demonstrates the ability to meet requirements as specified in this RFP. Providers submitting a response will be evaluated based on the capacity and experience demonstrated in their Technical and Cost Proposal. All proposals will be reviewed and scored by a Proposal Review Team (PRT), comprised of staff from JFSCC and their designees. Providers should not assume that the review team members are familiar with any current or past work activities with JFSCC. Proposals containing assumptions, lack of sufficient detail, poor organization, lack of proofreading and unnecessary use of self-promotional claims will be evaluated accordingly. PRT members will be required to sign disclosure forms to establish that they have no personal or financial interest in the outcome of the proposal review and contractor selection process.

Selection of the provider will be based upon the criteria specified in Sections II., III., IV., and V. of this RFP. Any proposals not meeting the requirements contained in those sections of this RFP will not be scored or may be held pending receipt of required clarifications. The PRT reserves the right to reject any and all proposals, in whole or in part, received in response to this request. The review team may waive minor defects that are not material when no prejudice will result to the rights of any provider or to the public. In scoring the proposals, JFSCC will score in three phases:

A. Phase I. Review—Initial Qualifying Criteria:

In order to be fully reviewed and scored, proposals submitted must pass the following Phase I. Review. **Any “no” answer to the questions listed below will eliminate a proposal from further consideration.**

1. Was the proposal received by the deadline as specified in Sections 1.6, Anticipated Procurement Timetable, and 5.1, Proposal Submission Information?
2. Did the provider submit six paper copies and one electronic copy of their Technical Proposal, as well as their Cost Proposal (in a separate sealed envelope labeled: **“NOTE: DO NOT OPEN. COST PROPOSAL ENCLOSED FOR RIDESPLUS TRANSPORTATION PROGRAM RFP#01-CY12 SUBMITTED BY [PROVIDER’S NAME HERE].”**)?
3. Does the provider’s proposal include all required affirmative statements and certifications, signed by the provider’s responsible representative, including the following:
 - Provider Assurances Form, Attachment A
 - Declaration of Material Assistance Form (see Section 4.5 of this RFP)
 - Campaign Contribution Declaration (see Section 4.6 of this RFP)
 - Personal Property Tax Statement (see Section 4.7 of this RFP)
 - Certifications (see Section 4.4 of this RFP)

- Copy of the most recently completed financial audit

4. According to those certifications, does the provider affirmatively indicate that it is not on the federal debarment list; that it is fiscally solvent; that it will meet all Federal, State, and Local compliance requirements; and that the person signing the form is authorized to enter into a contract with JFSCC?
5. Does JFSCC' review of the Auditor of State website verify that the provider is not excluded from contracting with JFSCC by ORC Section 9.24 for an unresolved finding for recovery (i.e. the proposal of any provider whose name appears on the Auditor's website as having an unresolved finding for recovery will be eliminated from further consideration.)?

B. Phase II. Review—Criteria for Scoring the Technical Proposal:

The PRT will then score those qualifying technical proposals, not eliminated in Phase I. Review by assessing how well the provider meets the requirements as specified in Sections II, III, IV, V, and VI of this RFP. Using the score sheet for Phase II scoring (see **Attachment B.** of this RFP for specific evaluation criteria), the PRT will read, review, discuss and reach consensus on the final technical score for each qualifying technical proposal.

A maximum of 80 points will be awarded for the Technical Proposal. A technical proposal must achieve a total of at least 60 points (a score which represents that the provider can successfully perform the resulting contractual duties) out of the possible 80 points to qualify for continued consideration. Any proposal which does not meet the minimum required technical proposal points will be disqualified from any further consideration and its cost proposal will neither be opened nor considered.

IMPORTANT: Before submitting a proposal to JFSCC in response to this RFP, providers are strongly encouraged to use the Technical Proposal Evaluation Score Sheet (**Attachment B.**) and the above technical performance scoring information to review their proposals for completeness, compliance and quality.

All remaining qualified Technical Proposals will proceed to the next level of review, which is consideration of the Cost Proposal. Any other proposals will be disqualified from further consideration, and the corresponding Cost Proposals will neither be opened nor will be scored.

C. Phase III. Review—Criteria for Considering the Cost Proposal

The Cost Proposal will be reviewed by JFSCC. The grand total of each technically qualified provider's Cost Proposal is divided by that provider's Technical Proposal

score. This compares the cost with the quality of the Technical Proposal, which will provide an average cost-per-quality point earned on the Technical Proposal.

A maximum of 50 points will be awarded for the Cost Proposal. A cost proposal must achieve a total of at least 38 points (a score which represents that the provider can successfully perform the resulting contractual duties) out of the possible 50 points to qualify for continued consideration. Any proposal which does not meet the minimum required cost proposal points may be disqualified from any further consideration.

If the cost proposals of all technically qualifying proposers (as determined by the scoring process described in this section and by the Technical Proposal Evaluation Score sheet, **Attachment B.**, to this RFP) are in excess of the available funding for this project, JFSCC may, at its sole discretion, negotiate with all technically qualifying providers for a revised cost proposal. Providers may then submit one last and best offer, or may request that JFSCC view its original cost proposal as its last and best offer, or may formally withdraw from further consideration, and shall formally indicate its choice according to directions provided by JFSCC at that time. Upon receipt of all last and best offers, and assuming that one or more have submitted a cost proposal that is within project budget, JFSCC will then consider those providers' revised cost proposals which are within the budget according to the cost-point assignment process described in this section, above, and in the Technical Proposal Evaluation Score Sheet, **Attachment B.**, for calculation of the winning score.

6.2 Review Process Caveats

JFSCC may, at its sole discretion, waive minor errors or omissions in providers' Technical and/or Cost proposals/forms when those errors do not unreasonably obscure the meaning of the content.

JFSCC reserves the right to request clarifications from providers to any information in their Technical and/or Cost proposals/forms, and may request such clarification as it deems necessary at any point in the proposal review process. Any such requests for proposal clarification when initiated by JFSCC, and providers' verbal or written response to those requests, shall not be considered a violation of the communication prohibitions contained in Section 1.10 of this RFP. Such communications are expressly permitted when initiated by JFSCC, but are at the sole discretion of JFSCC.

Should JFSCC determine a need for interviewing providers prior to making a final selection, results to interview questions shall be scored in a manner similar to the process described in Section 6.1, Scoring of Proposals, above. Such scored results may be either added to those providers' proposal scores, or will replace certain criteria scores, at the discretion of JFSCC. The standards for scoring the interviews and the

method used for considering the results of the interviews shall be applied consistently for all providers participating in the interview process for that RFP.

JFSCC reserves the right to negotiate with providers for adjustments to their proposals should JFSCC determine, for any reason, to adjust the scope of the project for which this RFP is released. Such communications are not violations of any communications prohibition, and are expressly permitted when initiated by JFSCC, but are at the sole discretion of JFSCC.

Any provider deemed not responsible, or any submitting a proposal deemed not to be responsive to the terms of this RFP, shall not be awarded the contract.

6.3 Final Provider Recommendation

The PRT will recommend to the Director of JFSCC the technically qualified provider offering the proposal most advantageous to JFSCC, as determined by the processes and requirements established in this RFP.

6.4 Tie Breaker

In the event that two or more of the proposals have a score which is tied after final calculation of both the technical proposal and the cost proposal, the proposal with the higher score in the technical proposal will prevail.

SECTION VII. PROTEST PROCEDURE

7.1 Protests

Any potential, or actual, provider objecting to the award of a contract resulting from the issuance of this RFP may file a protest of the award of the contract, or any other matter relating to the process of soliciting the proposals. Such a protest must comply with the following guidelines:

- A. A protest may be filed by a prospective or actual provider objecting to the award of a contract resulting from this RFP. The protest shall be in writing and shall contain the following information:
 1. The name, address, and telephone number of the protestor;
 2. The program name of the RFP being protested;
 3. A detailed statement of the legal and factual grounds for the protest, including copies of any relevant documents;
 4. A request for a ruling by JFSCC;
 5. A statement as to the form of relief requested from JFSCC; and

6. Any other information the protestor believes to be essential to the determination of the factual and legal questions at issue in the written protest;
- B. A timely protest shall be considered by JFSCC, if received within the following periods:
 1. A protest based on alleged improprieties in the issuance of the RFP or any other event preceding the closing date for receipt of proposals which are apparent or should be apparent prior to the closing date for receipt of proposals shall be filed no later than 4 p.m. the closing date for receipt of proposals, as specified in Section 1.6, Anticipated Procurement Timetable of this RFP.
 2. If the protest relates to the announced intent to award a contract, the protest shall be filed no later than 9 a.m. of the seventh (7th) calendar day after the issuance of the Letter of Intent to Award the contract.
- C. An untimely protest may be considered by JFSCC if it determines that the protest raises issues significant to JFSCC' procurement system. An untimely protest is one received by JFSCC after the time periods set forth in Item B. of this section.
- D. All protests must be filed at the following location:

Director
Job & Family Services of Clark County
1345 Lagonda Avenue
Springfield, Ohio 45503

- E. When a timely protest is filed, a contract award shall not proceed until a decision on the protest is issued or the matter is otherwise resolved, unless the JFSCC Director determines that a delay will severely disadvantage JFSCC. The provider(s) who would have been awarded the contract shall be notified of the receipt of the protest.
- F. JFSCC shall issue written decision on all timely protests and shall notify any provider who filed an untimely protest as to whether or not the protest will be considered.

7.2 Caveats

JFSCC is under no obligation to issue a contract as a result of this solicitation if, in the opinion of JFSCC and the proposal review team, none of the proposals are responsive to the objectives and needs of JFSCC. JFSCC reserves the right to not select any

provider should JFSCC decide not to proceed. Changes in this RFP of a material nature will be provided via the agency website. All providers are responsible for obtaining any such changes without further notice by JFSCC.

I recognize that I must give assurances for each item below. If I cannot, I will explain why the assurances were not met or this proposal will be automatically rejected. The assurances are:

1. I am authorized by my Board of Directors, Trustees, other legally qualified officer, or as the owner of this agency or business to submit this proposal.
2. We are not currently on any Federal, State of Ohio, or local Debarment List.
3. We included in our proposal a copy of our most recently completed financial audit confirming that we are fiscally solvent.
4. We have, or will have: all of the fiscal control and accounting procedures needed to ensure that contract funds will be used as required by law and contract.
5. We have additional funding sources and will not be solely dependent on any funds awarded through a contract as a result of this RFP.
6. **We will meet all applicable Federal, State and Local compliance requirements.** These include, but are not limited to:
 - Records accurately reflect actual performance.
 - Maintaining record confidentiality, as required.
 - Reporting financial, participant, and performance data, as required.
 - Complying with Federal and State non-discrimination provisions.
 - Meeting requirements of **Section 504 of the Rehabilitation Act of 1973.**
 - Meeting all applicable labor laws, including Child Labor Law standards.
 - Drug Free Workplace

We will not:

- Use contract funds to assist, promote or deter union organizing.
- Use contract funds in the construction, operation or maintenance of any part of a facility to be used for sectarian instruction or religious worship.

I hereby assure that all of the above are true:

Program Assurances

As part of the proposal, the potential contractor must provide assurances that:

1. It is prepared to accommodate infants, children, and adolescents, and shall furnish proper safety restraints and specific training to driver/operators.
2. At a minimum, each driver/operator will be trained in passenger assistance, CPR, defensive driving, first aid, and blood born pathogens. Credentials for such training will be kept current, where applicable.
3. Upon arrival at the destination, each driver/operator will ensure that customer is properly received by an assigned representative, parent, or guardian.
4. Rules will be in place to prohibit passengers from smoking, eating and drinking, use of profanity, and threatening or coercing other passengers or drivers.
5. It will develop and implement various policies and guidelines as approved by JFSCC for inclement weather, crucial trip management (i.e. dialysis), unusual incident reporting, incident reporting, as well as general operational issues that exist and/or may exist throughout the course of this agreement.
6. It will ensure that adequate personnel are on-duty to ensure prompt response to the customers' needs.
7. It will provide at least two lines linked to a primary RidesPlus telephone number.
8. All drivers/operators will be expected to adhere to a specific dress code that exhibits commitment and professionalism; and at all times display a photo identification that affirms they represent RidesPlus.
9. All drivers/operators shall have a Criminal Background Report, Bureau of Motor Vehicle Report, and Alcohol/Drug Screen not less than once per year. The Contractor shall properly notify in writing JFSCC when adding or deleting a driver from the program.
10. All vans including reserve type vehicles will have signage prominently on both sides of the vehicle. Signage language/program name will be suggested by the Department when the contract is awarded. Standard signage shall include a logo and lettering height of no less than 6 inches.

11. Unless otherwise agreed, all fleet vehicles within the program shall be no greater than two years of age at contract origin. These vehicles are understood to be in good mechanical order and shall be free of rust, dents, or any other deficiencies that would reflect a negative image of the program.
12. Unless otherwise agreed, any vehicle within the system shall not exceed 40,000 miles at the commencement of the agreement and be removed from the operational fleet at 200,000 miles regardless of its condition.
13. All vehicles within the operating fleet shall be routinely washed. Interiors of the vehicle shall be vacuumed, disinfected, windows cleaned, as required, but no less than three times weekly.
14. Daily safety inspections will be performed in each operating vehicle. Any vehicle that is deemed substandard with regards to safety shall be placed out-of-service until the deficiency or deficiencies are corrected. Contractor shall maintain on file safety inspections throughout the term of the contract period.
15. It will maintain a vehicle reserve of not less than a ten percent vehicle reserve that will be utilized for periodical maintenance, unscheduled failures, accidents, and other related incidents. These vehicles shall be available for immediate dispatch if so warranted.
16. It shall provide an all-inclusive periodical maintenance program. The program that is to be utilized shall have been previously time tested with documented satisfactory results in the maintenance of a transportation fleet. The maintenance program as designed shall have the ability to meet the recommended manufacturer guidelines for preventative maintenance schedules.
