**CLARK COUNTY DEPARTMENT OF JOB & FAMILY SERVICES**  
**RidesPlus Transportation Program**  
**RFP# 02-CY15**

**SECTION I.**

**GENERAL PURPOSE & PROVIDER INFORMATION**

**1.1    Purpose**

The Board of Clark County Commissioners (Board) intends to award a transportation services contract to one provider, as appropriate in the judgment of the Board, for its Department of Job & Family Services (CCDJFS). For the purposes of this document, collectively, the Board and CCDJFS will be referred to as the “County.”

The County is seeking a provider who has the capacity to provide approximately 34,000 trips annually to accommodate the demand from Medicaid-eligible customers, customers of Veteran’s Services, and other low income people.

**1.2    Project Problem Statement**

Approximately 20.4% of Clark County residents live in poverty and do not own, nor have access to, reliable transportation. Clark County’s Public Transportation Systems (Springfield City Area Transit and Western Communities Area Transportation) are not geographically accessible to all county residents and do not run twenty-four (24) hours per day. Additionally, there is no reliable taxi service available in Clark County.

Therefore, many residents are unable to obtain/maintain employment, attend medically-necessary healthcare appointments, or access child care and other necessary social services programs.

**1.3    Background Statement**

Lack of reliable transportation has been identified as one of the most frequent barriers to both health and self-sufficiency. Many people have difficulty reaching their destinations, especially during evenings and weekends when transit services are not offered. Similarly, destinations in the county or outside of the county areas not served by the transit authority are also difficult to reach.

The purpose of this program is to provide additional transportation options for low-income people and people receiving services through Veteran’s Services. This program shall serve as a curb-to-curb transportation system that will transport low-income people to and from employment, medical appointments, child care, and/or other social service programs.

**1.4    Agency Philosophy and Services**

The CCDJFS mission statement is: To promote safety, strengthen families, and empower people.

The CCDJFS is considered a quadruple-combined agency consisting of: Family & Children Services, Child Support, OhioMeansJobs, and BenefitsPlus.

Our Family & Children Services (FCS) division strives to protect our community’s most vulnerable citizens: children and senior citizens. FCS investigates reports of child abuse, neglect, dependency and exploitation, and in partnership with other local agencies, we find solutions to ensure children and the elderly are in safe, supportive living environments.

The Child Support Enforcement division works with individuals and families to ensure children are supported. Many factors dictate the requirements necessary to establish and maintain support of children. Child Support Enforcement offers guidance and enforcement to ensure the well-being of children is achieved throughout our community.

OhioMeansJobs One-Stop Center helps job seekers find rewarding employment opportunities and employers find qualified employees.

As families work toward self-sufficient living, the BenefitsPlus division assists with temporary cash assistance, food assistance, medical coverage, medical and job-related transportation and child care - essential factors in getting and keeping a job and supporting a family.

### **1.5 Project Summary**

The RidesPlus transportation system is a non-fixed route, demand-responsive, point-to-point transportation service that operates from 5 a.m. to Midnight, Monday through Saturday. When determined necessary by the client and the Contractor, Sunday service shall be offered to Medicaid-eligible clients, clients of Veteran's Services, and other low-income people for transportation to/from dialysis as an alternative schedule for Thanksgiving, Christmas, and New Year's Day. This project is to ensure that Medicaid-eligible clients, clients of Veteran's Services and other low-income people have access to dependable, on-time, safe transportation to and from work, health care providers, child care, and/or other social services programs. Transportation is also available for people with disabilities.

<b>RidesPlus Transportation Program</b>	
Total trips during calendar year 2013	32,711
Total riders during calendar year 2013	5,365
Average trips on Saturdays	176
Average monthly loaded miles	21,000
Average ride time	17.71 minutes
Average trips per day	102.08

Some Medicaid-eligible customers require transportation to locations out of Clark County, such as to the Cleveland Clinic for medical appointments. Actual mileage for out-of-county transportation service may be sought. Out-of-County transportation may be authorized only for medical appointments and purposes defined/authorized by Family & Children Services. Transportation for employment, child care, and/or access to other social services programs must consist of in-county transportation services only.

Eligibility for all transportation services is determined by the CCDJFS and Veteran's Services (when applicable). Once eligibility is established and transportation services are authorized, the customer is assigned a unique personal identification number (PIN). He/she uses the PIN when calling a centralized scheduler/dispatcher to arrange transportation.

The selected vendor serves as the lead transportation entity for the RidePlus program. The selected vendor must have a fleet of vehicles dedicated to this project. Additionally, the vendor must have ADA-accessible vehicles to accommodate our disabled population.

### **1.6 Target Population**

Customers have a variety of needs for which transportation services are provided through this program:

- Approximately 90% of the customers need transportation to and from medical appointments—mostly to dialysis appointments three times per week;
- Approximately 5% of the customers need transportation to and from employment;
- The remaining 5% of customers need transportation to a variety of other activities, such as child care, or other social service programs.

#### **1.9 Internet Question & Answer Period; RFP Clarification Opportunity**

Providers may ask clarifying questions regarding this RFP via email or U.S Mail during the Q&A Period as outlined in Section 1.7, Anticipated Procurement Timetable. To ask a question, providers must submit all questions in writing, via email or U.S. mail, to [Nicole.Weber@jfs.ohio.gov](mailto:Nicole.Weber@jfs.ohio.gov) prior to the closing time, and date for the Question & Answer Period. All e-mailed questions must be titled “RidesPlus Transportation Program RFP - Request for Clarification” in the subject line. The County reserves the right to disregard any e-mails that are not properly titled in the subject line.

Questions about this RFP must reference the relevant part of this RFP, the heading for the provision under question, and the page number of the RFP where the provision can be found. The provider must also include the name of a representative of the provider, the company name and business phone number. The County may, at its option, disregard any questions which do not appropriately reference a RFP provision or location, or which do not include identification for the originator of the question. If the County determines that a question cannot be resolved by reference to any section of the RFP, County may, at its discretion, make necessary additions or changes to the RFP by addendum or amendment. The County will not respond to any questions received after 9 a.m. on the date the Q&A period closes.

County's responses to all questions asked via email or U.S. mail will be posted on the Internet website dedicated to this RFP or mailed (if requested by the provider), for reference by all providers. Providers will not receive personalized or individual email responses. Clarifying questions asked and County responses to such questions comprise the “CCDJFS Q&A Document” for this RFP. Responses will include the relevant page number, heading, and provision in question. Provider proposals in response to this RFP are to take into account any information communicated by the County in the CCDJFS Q&A Document for the RFP.

**If any additions or changes are made to this RFP as a result of the Q&A process, an addendum or amendment to the RFP will be posted on the Internet website dedicated to this RFP or mailed to the provider (when requested in advance). It is the responsibility of all providers to check this site on a regular basis for responses to questions, as well as for any addendums, amendments or other pertinent information regarding this RFP.**

**Accessibility to the CCDJFS Q&A Document will be clearly identified on the website dedicated to this RFP, once that document is made available.**

**IMPORTANT:** Requests from providers for copies of previous RFPs, past provider proposals, score sheets or contracts for this or similar past projects, are Public Records Requests (PRRs), and are not clarification questions regarding the present RFP. PRRs submitted in accordance with CCDJFS policy (available upon

request) will be honored. The posted time frames for County responses to email questions for RFP clarification do not apply to PRRs. Potential providers who choose to rely on responses to PRRs when preparing their proposals do so at their own risk.

Providers are to base their RFP responses, and the details and costs of their proposed projects, on the requirements and performance expectations established in this RFP for the future contract, NOT on details of any current or past related contract. Requirements under a current project may or may not be required by County under any future contract, and so may not be useful information for providers who choose to respond to the RFP. If providers ask questions about existing or past contracts using the Q&A process, the County will use its discretion in deciding whether to provide answers. Interested providers should also refer to RFP Section 1.12, Contract Period and Funds Available, for related information.

The CCDJFS Q&A document will only answer questions which pertain to issues of RFP clarity, and which are not requests for public records. County is under no obligation to acknowledge questions submitted through the Q&A process if those questions are not in accordance with these instructions.

Should providers experience technical difficulties accessing the CCDJFS website where the RFP and its related documents are published, they may contact Nicole Weber at [Nicole.Weber@jfs.ohio.gov](mailto:Nicole.Weber@jfs.ohio.gov) or by phone at 327-1726.

#### **1.10 Bidders' Conference**

As noted in Section 1.11 Communication Prohibitions (below) of this RFP, County may not specifically notify any provider of changes or announcements related to this RFP except through the website posting and the CCDJFS vendor notification list, unless otherwise requested by the provider. It is the affirmative responsibility of interested proposers to be aware of and fully respond to all updated information posted on this web page or sent at the request of the provider via U.S. mail.

#### **1.11 Communication Prohibitions**

From the issuance date of this RFP until an actual contract is awarded to a provider, there may be no communications concerning the RFP between any provider that expects to submit a proposal and any employee of County, or any other individual regardless of their employment status, who is in any way involved in the development of the RFP or the selection of the contractor.

The only exceptions to this prohibition are as follows:

All interested providers must refer to that web page regularly for amendments or other announcements. The County may not specifically notify any provider of changes or announcements related to this RFP except through the website posting, the CCDJFS vendor notification list, or U.S. mail when previously requested by the provider. It is the affirmative responsibility of interested providers to be aware of and to fully respond to all updated information posted on this web page or provided by U.S. mail when previously requested by the provider. Providers without access to the web page established for the RFP may request that amendments to the RFP or documents related to it be sent to them by contacting Nicole Weber via email or U.S. mail at the following address, [Nicole.Weber@jfs.ohio.gov](mailto:Nicole.Weber@jfs.ohio.gov) or Clark County Job & Family Services, Attn: Nicole Weber, 1345 Lagonda Avenue, Springfield, Ohio 45503.

County is not responsible for the accuracy of any information regarding this RFP that was obtained or gathered through a source not authorized for this RFP. **Any attempts at prohibited communications by potential providers shall result in the disqualification of those potential providers' proposals and shall prohibit the provider from entering into any contractual relationship with the County for services requested through this RFP for the duration of the RFP period.**

### **1.12 Contract Period and Funds Available**

County is seeking to award a contract to be effective January 1, 2015, and to conclude no later than December 31, 2016. ### **4.1 Limitations**

**The award of a contract is contingent upon the approval of the Board. No contract shall be valid and legal until it has been approved and executed, in signature, by the Board.**

This RFP does not commit County to award a contract or to pay any cost incurred in the preparation of a proposal. County reserves the right to accept or reject any or all proposals received, to negotiate services and cost with proposers, and to cancel in part or in its entirety this RFP. The County may waive minor defects that are not material when no prejudice will result to the rights of any provider or to the public. County also reserves the right to reject the proposal of any provider, at any time prior to the execution of a contract with

that provider, if any person brings information to the attention of CCDJFS, the proposal review team, or the Board, raising a serious question concerning safety or the provider's competence, reliability, or responsibility.

County will review each proposal with respect to price, proposer's administrative and programmatic capabilities, and conformance to the RFP criteria. County may reject all responses if proposed rates are unreasonable or if the proposers do not meet the RFP acceptance criteria. All proposals submitted in response to the RFP will become the property of County.

Proposal selection does not guarantee that a contract for services will be awarded. County reserves the right to terminate the negotiation process in the event that negotiations fail with the potential vendor whose proposal is selected or issues arise during negotiations that prevent County from contracting with that potential vendor. If this happens, County, in its sole discretion, reserves the right to: (1) select another potential vendor that responded to the RFP or (2) cancel and/or reissue the RFP.

#### **4.2 Proposal Cost**

Costs incurred in the preparation of this proposal are to be borne by the provider and the County will not contribute in any way to the costs of the preparation. Any costs associated with interviews will be borne by the provider and will not be County's responsibility.

#### **4.3 Certifications**

Proposers are not required to submit insurance certificates in order for their proposals to be considered.

**However, the provider whose proposal is selected shall be required to present current insurance certificates prior to the commencement of the contract.** In the event that the winning bidder fails to present satisfactory insurance certificates when the proposed contract is submitted to the Board of County Commissioners for approval, County, in its sole discretion reserves the right to (1) select another provider's proposal or (2) cancel and/or reissue the RFP. The standard requirements of insurance for providers who hold contracts with Clark County are found in Section X, Article V. Providers must provide, in their proposals, assurances that the minimum insurance requirements will be met.

Providers must disclose any circumstances of which the providers know or reasonably should know, including, but not limited to financial, legal, administrative, or safety risks, which might prevent them from meeting the insurance requirements by the time the contracts are signed. Providers shall have an ongoing duty to disclose any such circumstances that could foreseeably result in loss of coverage or denial of a claim during or after the duration of any contracts entered into pursuant to this RFP.

#### **4.4 Contractual Requirements**

The provider whose proposal is selected will be required to agree to the terms of the Contract included in this RFP as Section X. Such terms may not be modified or rejected absent a written waiver granted by the County pursuant to the RFP's waiver provisions. Additional terms shall not be permitted unless specifically included in the provider's proposal and accepted by the County. Such additions will be added to the contract's statement of work by the County during negotiation of the final contract.

#### **4.5 Personal Property Tax Statement**

As part of the submitted proposal, providers must include the attached notarized Personal Property Tax Statement (included in this RFP as Attachment C). Failure to include this statement as part of the proposal submitted to the County may result in the disqualification of the provider's proposal from consideration.

#### **4.6 Campaign Contribution Declaration**

As part of the submitted proposal, providers must include the attached notarized Affidavit in Compliance with Section 3517.13 of the Ohio Revised Code form (Campaign Contribution Declaration – HB694). Amended Substitute House Bill 694 (“HB 694”) limits solicitations of and political contributions by owners and certain family members of owners of businesses seeking or awarded public contracts.

All providers interested in responding to this RFP must include the completed Campaign Contribution Form (included in this RFP as Attachment B) in their proposals.

## **SECTION VI. CRITERIA FOR PROPOSAL EVALUATION & SELECTION**

### **6.1 Scoring of Proposals**

County will contract with the provider that best demonstrates the ability to meet requirements as specified in this RFP. Providers submitting a response will be evaluated based on the capacity and experience demonstrated in their proposal. All proposals will be reviewed and scored by a Proposal Review Team (PRT). Providers should not assume that the review team members are familiar with any current or past work activities with the CCDJFS. Proposals containing assumptions, lack of sufficient detail, poor organization, lack of proofreading, and unnecessary use of self-promotional claims will be evaluated accordingly. PRT members will be required to sign disclosure forms to establish that they have no personal or financial interest in the outcome of the proposal review and contractor selection process.

In scoring the proposals, the PRT will score in two phases:

#### **A. Phase I. Review—Initial Qualifying Criteria:**

In order to be fully reviewed and scored, proposals submitted must pass the following Phase I. Review. **Any “no” answer to the questions listed below will eliminate a proposal from further consideration.**

1. Was the proposal received by the deadline as specified in Sections 1.7, Anticipated Procurement Timetable, and 5.1, Proposal Submission Information?
2. Did the provider submit seven paper copies (one original and six copies) and one electronic copy of their proposal (unless the electronic submission was waived by the County)?
3. Does the provider’s proposal include all required affirmative statements and certifications, signed by the provider’s responsible representative, including the following:
  - Provider Assurances Form, Attachment A
  - Personal Property Tax Statement (see Section 4.6 of this RFP)
  - Campaign Contribution Declaration (see Section 4.7 of this RFP)
  - Copy of the most recently completed financial audit
4. According to those certifications, does the provider affirmatively indicate that it is not on the federal debarment list; that it is fiscally solvent; that it will meet all Federal, State, and Local compliance requirements; and that the person signing the form is authorized to enter into a contract with County?
5. Does County’s review of the SAM.gov website verify that the provider is not excluded from contracting with County by ORC Section 9.24 for an unresolved finding for recovery (i.e. the proposal of any provider whose name appears on the Auditor’s website as having an unresolved finding for recovery will be eliminated from further consideration.)?

#### **B. Phase II. Review—Criteria for Scoring the Proposal:**

The PRT will then score those qualifying proposals, not eliminated in Phase I. Review by assessing how well the provider meets the requirements as specified in Section 5.2 Sections B, C, D, E, F and Section 6.1 of this RFP. Using pre-defined evaluation criteria for Phase II scoring, the PRT will read, review, and discuss the proposals and reach consensus on the final score for each qualifying proposal.

## **6.2 Review Process Caveats**

County reserves the right to request clarifications from providers to any information in their proposals/forms, and may request such clarification as it deems necessary at any point in the proposal review process.

Should County determine a need for interviewing providers prior to making a final selection, results to interview questions shall be scored in a manner similar to the process described in Section 6.1, Scoring of Proposals, above. Such scored results may be either added to those providers' proposal scores, or will replace certain criteria scores, at the discretion of County. The standards for scoring the interviews and the method used for considering the results of the interviews shall be applied consistently for all providers participating in the interview process for that RFP. The provider shall bear all costs of any scheduled interview.

Any provider deemed not responsible shall not be awarded the contract.

## **6.3 Final Provider Recommendation**

The PRT will recommend to the Director of the CCDJFS who will recommend to the Board the provider offering the proposal most advantageous to County, as determined by the processes and requirements established in this RFP.

# **SECTION VII. PROTEST PROCEDURE**

## **7.1 Protests**

Any potential, or actual, provider may file a protest on any matter relating to the process of soliciting the proposals. Such a protest must comply with the following guidelines:

1. Protests shall be in writing and shall contain the following information:
  - a. The name, address, and telephone number of the protestor;
  - b. The program name of the RFP being protested;

  - d. A request for a ruling by County;
  - e. A statement as to the form of relief requested from County; and
  - f. Any other information the protestor believes to be essential to the determination of the factual and legal questions at issue in the written protest;
2. A protest shall be considered timely if received within the following periods:
  - a. A protest based on alleged improprieties or events about which the protestor knew or could have reasonably discovered, prior to the closing date for receipt of proposals, shall be filed no later than the deadline for receipt of proposals.

- b. If the protest relates to the PRT's or the Director's recommendation to award a contract or to reject any or all proposals, the protest shall be filed no later than 9 a.m. of the seventh (7<sup>th</sup>) calendar day after the issuance of the Letter of Intent to Award the contract or the Letter of Intent to Reject all proposals, whichever is applicable.
3. An untimely protest may be considered by County if it determines that the protest raises issues significant to County's procurement system. An untimely protest is one received by CCDJFS after the time periods set forth in Item 2 of this section.
4. All protests must be filed at the following location:

**David S. Dombrosky, Director**  
Clark County Job & Family Services  
1345 Lagonda Avenue- Bld. C- 4<sup>th</sup> Floor  
Springfield, Ohio 45503

5. When a timely protest is filed, a contract award shall not proceed until a decision on the protest is issued or the matter is otherwise resolved, unless the Board determines that a delay will severely disadvantage County. The provider who would have been awarded the contract shall be notified of the receipt of the protest.
6. County shall issue written decision on all timely protests and shall notify any provider who filed an untimely protest as to whether or not the protest will be considered.

## **7.2 Changes to the RFP**

Material changes to this RFP will be provided via the agency website and to vendors on the vendor notification list. Potential providers are responsible for obtaining any such changes without further notice by County.

Worksheets should be completed in the following order as each worksheet contains information detailed in the preceding worksheet:

1. Submittal A1 - Staff Salary Expense Allocation Worksheet
2. Submittal A2 - Service Budget Cost Detail Worksheet
3. Submittal A3 - Service Budget Summary Worksheet

**If submitting a proposal for more than one service, a separate set of Submittal A worksheets must be completed for each service. Each proposed service should be clearly identified on the worksheets and all applicable documents will require an original signature(s). Submittal A worksheets include Submittal A1, A2 & A3.**

- Submittal A1 - Staff Salary Expense Allocation Worksheet
- Submittal A2 - Service Budget Cost Detail Worksheet
- Submittal A3 - Service Budget Summary Worksheet

**INSTRUCTIONS for Budget Forms (Submittal A1, A2 & A3):**

The service cost categories are as follows:

**ADMINISTRATION:** That portion of necessary and allowable costs associated with the overall management and administration of the service(s) being proposed and which are not directly related to the provision of services to social service clients.

Examples of these costs include:

- A. Evaluating service results against stated objectives.
- B. Performing administrative services including such services as general legal services, accounting services, auditing services, and managed purchasing, property, payroll and personnel.
- C. Costs for goods and services required for administration of the service, including such goods and services as rental or purchase of equipment, insurance, utilities, office supplies, postage, and rental and maintenance of office space.
- D. The costs of organizational-wide management functions associated with service.

E. Travel costs incurred for official business in carrying out service management or administrative activities.

**DIRECT SERVICE:** The personnel and non-personnel costs directly related with providing proposed service.

**SUPPORT SERVICE:** The personnel and non-personnel costs indirectly related to providing the proposed service such as clerical staff or file clerk who maintains client records.

**TOTAL SERVICE:** This column should capture the sum of figures in the Administration, Direct, and Support Services columns for each line item.

**Submittal A1- Staff Salary Expense Allocation Worksheet Instructions**

Detail all staff positions that are included in the service being proposed. List the title of all positions in the first column and the complete the remaining columns as follows:

In **Column A** - Wages per Week, fill in the projected weekly wage associated with each position.

Calculate the total average weekly fringe benefits and place this figure in **Column B**.

Then add the amounts in Columns A and B and include the total in the Total Personnel Weekly Cost column, **Column C**.

Determine the number of weeks during the proposed service that each person will be assigned (104 is the maximum number of weeks [52 weeks per year times 2 years]); place the figure in the corresponding line in **Column D**.

Determine the percentage of time each person will be assigned to the proposed service and enter the percent for each assigned person in **Column E**.

Multiply the figures in Column C through E. for each line item to derive at the Total Project Cost. Place this figure on the appropriate line item in **Column F**.

Assign the percentages and totals of Project Costs in Column F to one of more columns in the “**Expense Category Allocation**” section of Submittal A1.

Fringe benefits may include social security, Medicare, retirement and pension, life and health insurance plans, workers compensation, and unemployment compensation. In allocating these costs to the expense classification categories of Administration, Direct Services and Support Services, please reference the Service Cost Categories detailed above.

In the program budget narrative **be sure** to list the components of the fringe benefits package associated with the project and how these cost were derived.

**Submittal A2 - Service Budget Cost Detail Worksheet Instructions**

The Service Budget Cost Detail Worksheet (Submittal A2) contains three separate columns for capturing budget information and assigning cost to the appropriate expense classifications. The cost categories are **Administration, Direct Service and Support Service**. See the Service Cost Categories referenced above for cost category definitions and classification guidelines.

All proposed costs **must be** properly allocated to each cost category. All costs associated with the service(s) being proposed only and not the broader agency's budget should be included on the worksheet. The sum total of figures in the cost categories column on each line item must add up correctly and shown in the last column called **Total Cost**.

For each item listed on the Budget Cost Detail Worksheet, please provide a narrative (brief explanation) of what is included in that item and how the cost was calculated (if necessary, use additional sheets).

**Item A: Personnel Cost** – Use figures from the completed “Staff Salary Expense Allocation Worksheet” (Submittal – A1).

**Item B: Direct Services Cost** – Detail the cost of all materials, supplies and consumables items to be used directly and indirectly in providing the service. Only those materials and supply costs necessary in providing the service are allowable. Direct charges should be based upon the actual price less cash discounts, trade discounts, rebates and allowances.

The cost of consultation fees (i.e., charges for the use of the external service business/agencies or persons not on the business/agency's payroll) are allowable to the extent they are necessary for the administration and management of functions related to providing contract services. Examples of such services include legal counseling, audit services and specialized consultation, payroll accounting. These costs are considered indirect costs and they may be included in the Administration or Support Services section of the worksheet. All relevant and service specific costs that are allowable should be estimated and included in the budget, when applicable, and placed in the appropriate column in section B on the worksheet.

**Item C: Other Operating Cost** – Costs incurred for direct and indirect expenses associated with a specific service. These costs may be for advertising, telephone calls or service, postage, printing, reproduction and messenger services; all costs should be estimated and detailed to the fullest extent possible and listed in section C.

**Item D: Occupancy Cost** – Include the projected costs for office and service site rental, and utility costs associated with the service being bid; all costs should be estimated and detailed to the fullest extent possible and listed in section D. In general, the cost for space rental is determined by the number of square feet used, multiplied by a rate, usually stated in the lease, per square foot.

Rental cost for space, in a privately or publicly owned building, is allowable if the charge does not exceed the cost of comparable space and facilities in the same locality. The rental charge should include the costs of service, maintenance, and depreciation on the building and depreciation of major renovations. The lease agreement must stipulate the extent of the lessee's responsibility for renovations. Major renovations, which

add to the permanent value of the property or appreciably prolong its estimated useful life, when the cost is borne by the contract provider, must be depreciated.

**Item E: Equipment Cost** – Depreciable Equipment, reimbursement for capital equipment (an item or group of items costing \$300 or more) is available through depreciation charges. Computation depreciation is based upon the acquisition cost of the item excluding (1) any cost borne by the Federal Government through other Federal Grant Programs, and (2) any idle or excess equipment.

Adequate property records must be maintained and the straight-line method of computing depreciation must be used. When equipment is replaced the value received for the old equipment less the salvage and any unrealized depreciation charges are deducted from the acquisition cost of the new equipment. All costs should be estimated and detailed to the fullest extent possible and listed in section E.

**Non-Depreciable Equipment** – Small equipment necessary in providing contract Services may be expensed during the period in which it is purchased.

**Rental Charges** – The cost of leased/rental equipment is allowable, to the extent of its use for the service and its reasonableness as sound business policy.

**Item F: Transportation Cost** – Represents costs associated with transporting clients or using transportation as a part of the cost of providing a service. Some costs such as those associated with a Transportation Service are considered a direct service expense (i.e. driver's salary and fringe benefits, gas, oil, vehicle maintenance, insurance). All relevant and service specific costs that are deemed allowable should be estimated and included in the budget, as applicable, and placed in the appropriate column on the worksheet in section F. Only those materials, supply costs and consumable items that are necessary to provide the service are allowable. All direct charges should be based upon the actual price less any cash discounts, trade discounts, rebates and allowances.

Other costs may be necessary; some may be indirect such as legal counseling, audit services and specialized consultation, payroll accounting. These costs are indirect costs and they may be considered Administration or Support Services and may also be included in the appropriate section on the worksheet.

**Item G: Housekeeping & Maintenance Cost** – Represents costs incurred for necessary janitorial, maintenance, repair and general up-keep of the property which neither add to the permanent value of the property nor appreciable prolong its estimated useful life but keep it in good working order. All costs should be estimated and detailed to the fullest extent possible and listed in section G.

**Item H: Miscellaneous Cost** – All expenditures should be estimated and fully detailed in the service budget narrative and included in section H. Allowable miscellaneous costs may include memberships and subscriptions, reference materials, and any other incidental costs required in the delivery of the service not previously specified.

**Summing It All Up** – Total the figures in all service budget cost category columns. Enter the resulting totals on the “Service Budget Grand Total” Line for the service being proposed.

### **Submittal A3 - Service Budget Summary Worksheet Instructions**

The Service Budget Summary Worksheet (Submittal A3) must be completed in detail using the aggregate totals from the last column entitled “Total Cost” for each cost classification that appears on the Service Budget Cost Detail Worksheet (Submittal A2).

Make sure to total each expense classification as these amounts are needed to obtain the total of the proposed service budget on the “Total Service Budget” line. This figure must agree with the total appearing on the “Service Budget Grand Total” Line on Submittal A2.

Calculate the unit rate (if applicable) for each service based on generally accepted accounting and/or accounting standards to derive at the Unit Cost per Service. This is obtained by dividing the “Total Service Budget” by the “Potential Service Units.”

ARTICLE II STATEMENT OF WORK TO BE PERFORMED

If any of the terms of the RFP or the Proposal conflict with this Contract, the terms of this Contract control. This Contract and the attached exhibits constitute the entire agreement between the parties and supersede any prior understanding among them. No representations, arrangements, understandings or agreements relating to the subject matter exist among the parties except as expressed in this Contract and the attached exhibits.

ARTICLE III COMPENSATION AND METHOD OF PAYMENT

A. Reimbursement

The parties agree that reimbursement of all costs will be dependent upon Contractor performance in the delivery of services specified in the approved budget appearing as Submittal A attached. Payment shall be made by the Clark County Auditor upon proper presentation of request, when approved by the BOCC, the Department, and the Contractor. Payment shall be made on a unit cost, fee for service, reimbursement basis. All requests for reimbursement must be itemized according to the budget line items specified in Submittal A of this contract. If Contractor determines that any such expense might exceed the budget line item by more than 10%, Contractor must obtain written approval from the Department prior to incurring the expense. **In no event shall the full contract value be exceeded unless authorized by an amendment to the contract.**

Payment for any expense submitted in violation of any of Contractor's obligations under this paragraph shall not be deemed a waiver of such obligations by the Department or the County. Contractor's failure to comply with any such obligation may result in the denial of the reimbursement request or recovery of the funds by the Department, County, State, and/or federal government.

The Contractor shall provide a monthly invoice to the Department, no later than 30 days past the service month. This invoice shall adhere to the guidelines communicated by the Department and shall include the following information: total unduplicated number of participants served, itemized list of trips/charges by specified service codes, number of in-county trips at the per-trip rate, number and total miles for out-of-county trips (further identifying this information for the out-of-contiguous-county trips), hourly charge for any scheduled Sundays/holidays, monthly base rate, an itemization of payments or adjustments made to or received from any partners or subcontractors, and a list of employers served during the month. Contractor shall follow the Sample Invoice, included in this agreement as Appendix I.

In addition, this requirement shall apply to all subcontracts relating to this Contract. Prior to the destruction of records, the Contractor, or subcontractor through the Contractor, shall contact the Department to obtain written notification that records may be destroyed. Failure to comply with records retention policies may result in an audit finding for unsubstantiated and questioned contract activities and the Contractor shall assume full financial liability for any subsequent questioned or disallowed costs associated with activities conducted by the Contractor.

## ARTICLE V TIME OF PERFORMANCE

This Contract shall become effective upon execution by the BOCC and the Department as of January 1, 2015. Contractor's failure to comply with any of the obligations of this section shall be deemed a material breach of the contract. In the event of such breach, CCDJFS shall provide notice of the breach and may immediately withhold any further payments due and terminate the contract without liability for any such payments. In lieu of termination, CCDJFS may, at its option, choose to withhold any further payments due until Contractor complies with the obligations of this section.
