

#25-SFY-04 Armed Security Services Q&A

Q1: Regarding the Bidder's Personal Property Tax Statement, the regulation referenced on the form mentions "the person making a bid." Is the form asking for information on the company's taxes or the person preparing the bid's taxes?

A1: Typically, the name of the company's CEO/Director/CFO, or whoever at the company is legally allowed to enter into contracts on behalf of the company would be written in here. The form asks for an SSN, but the Vendor can choose to leave this blank or include just the last 4 digits.
