1. Purpose, Project Information, and General Procedures

1.1. Purpose

The Board of Clark County Commissioners (“Board”) intends to award a sub-grant agreement(s) to one or more provider(s), as appropriate in the judgment of the Board for its Department of Job and Family Services (Department). “Provider” means any person or organization capable of providing the services described herein. For the purposes of this RFP document, the Board and the Department will sometimes be collectively referred to as “County.” The potential provider will sometimes be referred to as “bidder” “provider” “proposer” “subgrantee” and “applicant” interchangeable throughout this RFP and related documents.

Board seeks to fund one or more subgrantee(s) to provide service coordination services to children and families who are identified and referred by Clark County’s Family Stability Team and/or by Clark County Department of Job and Family Services (CCCDJFS) caseworkers and supervisors; self-made referrals by family or community providers are also eligible.

1.2. Agency Mission and Services

Department mission statement is: To promote safety, strengthen families, and empower people.

The Department is considered a quadruple-combined agency consisting of: Family & Children Services (FCS), Child Support (CSEA), OhioMeansJobs (OMJ), and BenefitsPlus (BP).

Children grow and thrive in families that provide safety, security, and stability. When any of these elements are threatened there is a risk of child abuse, neglect, or dependency. Research has shown that services to children and families need to be provided within a continuum of care structure from prevention, community-based services, out-of-home care, and ultimately to permanent separation of children from the parent when necessary. Additionally, research is clear that early interventions that are family-centered and community-based are the most effective in family preservation. Service coordination is a broad-based, neutrally positioned, youth and family-driven, cross-system (team) planning process by which identified, existing services and supports are coordinated across multiple systems to determine the least restrictive plan of success for you with complex needs.

Clark County FCS division of the Department is responsible for the investigation of reported allegations of child abuse, neglect, and dependency. During the investigation family needs and strengths are identified, and referrals/linkages are made to community services that can best meet needs that reduce the risk of abuse, neglect and dependency. When possible, FCS involvement ends when the investigation is complete and community-based services are secured. When needed, FCS provides ongoing services to stabilize the family. Case plan activities and goals always are to maintain the child in his or her own home. When that is not possible, FCS seeks placement with court-approved kinship caregivers that keep children in the community, in close proximity to their families. If kinship placement is not possible, FCS seeks placement ranging from family foster home, therapeutic foster home, to residential treatment facility depending on the individual needs of the child. In all instances, community-based services, including service coordination services, are essential to family preservation and family reunification.

FCS also participates in information and referral, and service-planning for families not formally referred for investigation and services through the Family Stability Team. The Family Stability Team is facilitated by a FCS staff member. Service coordination services have been shown to be effective for youth and families that have complex needs across multiple systems in providing early intervention services that keep children and families out of the child welfare system or reduce the length of stay in the child welfare system.

In 2024, FCS served monthly averages of approximately 147 children in their own home, 23 children in kinship care, and 132 children in a substitute care setting, for a total average of 302 children served per month. All of these children

and their caregivers were eligible to receive community-based services including service coordination services. In 2023, approximately 21 Clark County youth received service coordination services, and in 2024 approximately 14 youth received services. There was a slight gap in services in 2024 that may have led to a lower number served. So far in 2025, approximately 12 Clark County youth have received service coordination services.

2. Scope of Work

2.1. Program Overview

2.1.A. Purpose of the Proposed Program

Board seeks to fund one or more subgrantee(s) to provide service coordination services to children and families who are identified and referred by Clark County's Family Stability Team and/or by Clark County Department of Job and Family Services (CCDJFS) caseworkers and supervisors; self-made referrals by family or community providers are also eligible. Identified families may or may not be active recipients of Department services. Service coordination is a broad-based, cross-system (team) planning process by which identified, existing resources and supports are coordinated for youth with complex needs. Service coordination is designed to make the system(s) the family is involved with work better to meet their needs and to ensure that system efforts are well-coordinated. Selected subgrantee(s) are expected to identify child and family needs with the assistance of a Family and Children First Council state-approved assessment tool. Given that service coordination services are individualized and strength-based, the scope of work must be flexible and inclusive of a wide range of needs of children and families. The selected subgrantee(s) are expected to provide service coordination facilitation and planning services, including case management, and direct services to families to implement planned interventions/services as identified. Possible direct services include but are not limited to mentoring to child and/or parent; parenting skill-building; household management skills; linkages to community-based services; transportation, and educational advocacy to meet child's education goals. Estimated length of service per case is 3 to 12 months. Selected subgrantee(s) may use a variety of trained staff including paraprofessionals. Additionally, selected subgrantee(s) are expected to deliver service coordination services as described in 121.37 (C) and (D) of the Ohio Revised Code (ORC) and the Family and Children First Cabinet Council.

Department Expectations for Selected Providers:

1. Initiate contact with referred families within three (3) business days from the date the referral is approved for services. Maintain communication with referred families when a waiting list exists.
2. Initiate the review and tracking process with Clark County Family and Children First Council (CCFCFC) Inter-agency Review Committee (IRC) by scheduling first review within 90 days of the first face-to-face contact with the family. Attend all subsequent IRC reviews and submit required progress report as described under Section 3.1.B Reporting Requirements. IRC will schedule every review after the initial review while attempting to keep services provided within a 3-12 month duration.
3. Facilitate or attend monthly team meetings until services are terminated. If assigned service coordination staff is unable to attend the monthly team meeting, an update is required to be provided to the caseworker.
4. Maintain a pool of trained facilitators and direct-service providers.
5. Submit ongoing case and service reports as described under Section 3.1.B Reporting Requirements. All reports are due no later than the 10th day of each month for services provided in the preceding month, or preceding months for quarterly reports.
6. Enter required information into the Ohio Automated Service Coordination Information System (OASCIS) for data collection and reimbursement.

4. Proposals must be submitted no later than 10:00 a.m. on June 6, 2025, regardless of submission method. Faxed submissions will not be accepted. Board will not consider a proposal to be submitted until the time at which the proposal is actually received by Board in both the paper and electronic formats. There are no exceptions to this deadline, and proposals received after the deadline will be immediately rejected.
5. Board is not responsible for proposals incorrectly addressed or for proposals delivered to any location other than the address specified on the cover sheet of this RFP.
6. For hand delivery on the due date, proposers are to deliver the proposals to the address specified above, Building C Lobby. When hand delivering on the due date, proposers should allow sufficient time for traffic delays, accidents, any lobby waiting time, and parking.
7. Vendors who choose to mail their proposals do so at their own risk. There will be no exceptions for proposals that are received late due to delays in postal service.
8. Submission of a proposal indicates acceptance by the proposer of the conditions contained in this RFP, unless clearly and specifically noted in the proposal submitted and confirmed in the subgrant between Board and the proposer selected.

⁴ It is the Proposers affirmative responsibility to ensure that all copies and all formats of the proposal are identical. Any pages or documents omitted from any or all copies can negatively affect the Proposer's score and possibly result in the Proposers disqualification. In the event of any discrepancies or variations between copies, Department is under no obligation to resolve the inconsistencies and may make its scoring and proposal selection decisions accordingly, including the decision to disqualify Proposer.

5. Proposal Review, Scoring, and Subgrant Award

Board will subgrant on behalf of Department with proposer(s) that best demonstrates the ability to meet requirements as specified in this RFP. Proposers will be evaluated based on the capacity and experience demonstrated in their technical and cost proposal. All qualifying proposals will be reviewed and scored by a Proposal Review Team (PRT) comprised of Department staff. Vendors should not assume that the review team members are familiar with any past or current work activities with Department, Board, or any other County agency. Proposals containing assumptions, lack of detail, poor organization, lack of proofreading, and unnecessary use of self-promotional claims will be evaluated accordingly. PRT members will be required to sign disclosure forms to establish they have no personal or financial interest in the outcome of the proposal review and subgrantee selection process.

Board's selection of proposal(s) for subgrant will be based on Department's evaluation and scoring. Board reserves the right to reject any and all proposals, in whole or in part, received in response to this request. The PRT may waive minor defects that are not material when the intent is not unreasonably obscured.

5.1. Scoring of Proposals

In scoring the proposals, Department will score in three phases. Once proposals enter into Phase I they are considered, for the purposes of this RFP, to be in the "review process."

Phase I. Review – Initial Qualifying Criteria:

In order to be fully reviewed and scored, proposals submitted must pass Phase I review. Any "no" for the following Phase I criteria triggers a Board elimination of proposal from further consideration:

1. Was the proposal received by the deadline?
2. Did the proposer submit six paper copies and one original copy of their technical proposal?
3. Did proposer submit one electronic copy? (Disregard if requirement is properly waived.)
4. Does the technical proposal include all required certifications and forms required by Section 3.1(A) of the RFP?
5. Does proposer affirmatively indicate that it is not on the federal debarment list, and it is fiscally solvent?
6. Does Department's review of the Auditor of State and SAM.gov websites verify that proposer is not excluded from contracting with Board?

Phase II. Review – Criteria for Scoring the Technical and Cost Proposal:

The PRT will then score qualifying technical and cost proposals not eliminated by Board in Phase I. The PRT will assess how well proposer meets the requirements as specified in Section 3.1 of this RFP. Using the Technical and Cost Proposal Scoring Sheet for Phase II scoring, the PRT will read, review, and discuss the proposals and reach consensus on the final score for each qualifying proposal.

Phase III. Review by Department Director

See Section 5.3 Final Selection

5.2. Review Process Caveats

Board reserves the right to reject any and all proposals, in whole or in part, received in response to this request. Board may waive minor defects in the RFP that are not material when no prejudice will result to the rights of any proposer or to the public. Board may, at its sole discretion, waive minor errors or omissions in proposers' proposals/forms when those errors do not unreasonably obscure the meaning of the content.

Board reserves the right to request clarifications from proposers regarding any information in their proposals/forms and may request such clarification as it deems necessary at any point in the proposal review process. Any such requests for proposal clarification when initiated by Board, and proposers' verbal or written response to those requests, shall not be considered a violation of the communication prohibitions contained in Section 2.6 of this RFP. Such communications are expressly permitted when initiated by Board but will be initiated at the sole discretion of Board.

Should Board determine a need for interviewing proposers prior to making a final selection, notwithstanding the fact that no two proposals have received substantially similar scoring in accordance with Section 5.1, Board may exercise its discretion to interview proposers, and results to interview questions shall be scored in a manner similar to the process described in Section 5.1, Scoring of Proposals Phase II Review, above. Such scored results may be either added to those proposers' proposal scores, or will replace certain criteria scores, at the discretion of Board. The standards for scoring the interviews and the method used for considering the results of the interviews shall be applied consistently for all proposers participating in the interview process for that RFP.

Board reserves the right to negotiate with proposers for adjustments to their proposals should Board determine, for any reason, to adjust the scope of the project for which this RFP is released. Such communications are not violations of any communications prohibition, and are expressly permitted when initiated by Board, but are at the sole discretion of Board.

In Board's sole discretion, any proposer deemed not responsible, or any proposer(s) submitting a proposal deemed non-responsive to the terms of this RFP, shall not be awarded the subgrant.

5.3. Final Selection

The Contract Development unit will provide a cumulative score sheet to the Director. Director will make a final selection of subgrantee(s) to be recommended to Board. To make the final selection, Director may consider scoring, proposal quality, reasonableness and appropriateness of proposed budget, funding available, and past subgrant performance. Board maintains the right to accept or reject Director's recommendation.

6. Protests

Any potential or actual proposer may file a protest on any matter relating to the process of soliciting the proposals or on the belief that Department has not followed procedures outlined in this RFP.

Such a protest must comply with the following guidelines:

1. Protests shall be in writing and shall contain the following information:
 - a. The name, address, and telephone number of the protester;
 - b. The program name and number of the RFP being protested;
 - c. A detailed statement of the legal and factual grounds for the protest, including copies of any relevant documents;
 - d. A request for a ruling by Department;
 - e. A statement as to the form of relief requested from Department; and
 - f. Any other information the protester believes to be essential to the determination of the factual and legal questions at issue in the written protest.
2. A protest shall be considered timely if received within the following periods:
 - a. A protest based on alleged improprieties or events about which the protester knew or could have reasonably discovered, prior to the closing date for receipt of proposals, shall be filed no later than the deadline for receipt of proposals.

- b. If the protest relates to the PRT's or the Director's recommendation to award a subgrant or to reject any or all proposals, the protest shall be filed no later than 9 a.m. of the seventh (7th) calendar day after the issuance of the notification of an Award or Non-Award of the subgrant or the notification of Intent to Reject all proposals, whichever is applicable.
3. An untimely protest may be considered by Department if it determines that the protest raises issues significant to Department's procurement system. An untimely protest is one received by Department after the time periods set forth in Item 2 of this section.
4. All protest must be filed at the following location via email to: Virginia.Martycz@jfs.ohio.gov.
5. When a timely protest is filed, a subgrant award shall not proceed until a decision on the protest is issued or the matter is otherwise resolved, unless Board determines that a delay will severely disadvantage Board. Proposer(s) who would have been awarded the subgrant(s) shall be notified of the receipt of the protest.
6. Board shall issue a written decision on all timely protests and shall notify any provider who filed an untimely protest as to whether the protest will be considered.
7. Proposers who choose to rely on responses to public records requests when preparing their protests do so at their own risk.

7. Additional Documents and Clauses

7.1. Changes to the RFP

Material changes to this RFP will be provided via the agency website. Proposers are responsible for obtaining any such changes without further notice by Board.

7.2. Proposal Costs

Costs incurred in the preparation of this proposal are to be borne solely by proposer. Board will not contribute in any way to the costs of the preparation of the proposal, associated documents, or any other items/documents related to this RFP. Any costs associated with interviews will also be borne by proposer and will not be Board's responsibility.

7.3. Proposal Submissions as Public Record

Following submission of a proposal to Department, all proposals submitted may become part of the public record. It is the responsibility of the proposer to remove all personal confidential information (such as home addresses and social security numbers) of proposer's staff and/or of any subcontractor and subcontractor staff from the proposal package. Department reserves the right to disqualify any proposer whose proposal is found to contain personal confidential information. The proposer shall be responsible for any and all information disclosed in the proposal submission and any or all information released by Department in any public records requests.

7.4. Contractual Requirements

Any subgrant resulting from the issuance of this RFP is subject to the terms and conditions as provided in the sample subgrant, which can be found on the website dedicated to this RFP.

Many of the terms and conditions contained in the sample subgrant are required by state and federal law; however, the vendor may propose changes to the sample subgrant during the contract negotiation period (after the Letter of Intent is issued). Any changes are subject to Board review and approval.

Payments for any and all services provided pursuant to an awarded subgrant are contingent upon the availability of state and federal funds.

All aspects of the subgrant apply equally to work performed by any and all subcontractors.

Per the Code of Federal Regulations (CFR), [2 CFR section 200.313\(e\)](#) and [200.41](#), all fixed assets purchased with funds provided through Contract or any other restricted funding sources remain the property of Board. Upon

termination of Contract/Subgrant, vendor may be asked to return equipment and other fixed assets purchased with federal funds to Board or Department.

Subgrantee, and any subcontractor(s), will not use or disclose any information made available to them for any purpose other than to fulfill the contractual duties specified in the RFP. Subgrantee, and any subcontractor(s), agrees to be bound by all of the confidentiality, disclosure and safeguarding requirements of the Ohio Revised Code and the Ohio Department of Job & Family Services, including, but not limited to those stated in the Ohio Revised Code Sections 5101.26, 5101.27, 5101.272, 5101.28, 5160.45, 42 Code of Federal Regulations Sections 431.300 through 431.307 and Ohio Administrative Code Section 5101:1-1-03 and 5160:1-1-01.1. . Disclosure of information in a manner not in accordance with all applicable federal and state laws and regulations is deemed a breach of the contract and subject to the imposition of penalties, including, but not limited to, the penalties found in Revised Code Section 5101.99.

Subgrantee must maintain the required insurance coverage throughout the entirety of the subgrant period.

No employee designated in a proposal as “key personnel” or any employee identified as critical to the success of the project can be removed without reasonable notice to Board, and replacements will not be made without Board approval.

Subgrantee will establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by desire for private gain for themselves or others, particularly those with whom they have family, business or other ties.

7.5. Limitations

The award of a subgrant(s) is contingent upon the approval of Board. No subgrant shall be valid and legal until it has been approved and executed, in signature, by Board.

This RFP does not commit Board to award a subgrant or to pay any cost incurred in the preparation of a proposal. Board reserves the right to accept or reject any or all proposals received, to negotiate services and cost with proposers, and to cancel in part or in its entirety this RFP.

Board will review each proposal with respect to price, proposer’s administrative and programmatic capabilities, and conformance to the RFP criteria. Board may reject all responses if proposed rates are unreasonable or if proposers do not meet the RFP acceptance criteria. All proposals submitted in response to the RFP will become the property of Board.

Proposal selection does not guarantee that a subgrant for services will be awarded. Board reserves the right to terminate the negotiation process in the event that negotiations fail with proposer whose proposal is selected and/or issues arise during negotiations that prevent Board from entering into a subgrant with that proposer. If this happens, Board, in its sole discretion, reserves the right to: (1) select the next highest rated proposer that responded to the RFP or (2) cancel and/or reissue the RFP.

Proposer(s) selected will be required to agree to the terms of the Sample Subgrant included on the website dedicated to RFP related documents. These terms cannot be modified without authorization from Board.

7.6. Compensation Structure

Board agrees that reimbursement of all costs will be dependent upon the sub-grantee’s performance in the delivery of services specified in the approved budget, once the sub-grant agreement is awarded. Payment shall be made by the Clark County Auditor upon proper presentation of request, when approved by Department and the sub-grantee. Payment shall be made in one of two ways:

CLARK COUNTY DEPARTMENT OF JOB AND FAMILY SERVICES
Service Coordination
RFP: 25-SFY-06

1. Direct Cost: Payment shall be made on a direct cost reimbursement basis. Department recognizes only those expenses that have actually occurred; invoices must be submitted as a request for reimbursement of actual cash expenditures.

OR

2. Unit Cost: Payment shall be made on a unit cost, fee for service, reimbursement basis. The unit cost represents a true measure of the actual cost of providing the contracted number of units of service. Unit cost subgrantees may be asked to reconcile revenue against the total actual expenditures and reimburse Department for over-budgeted expenses on a quarterly basis.

Proposers must define their preferred payment method in their proposal.

Board recognizes only those expenses that have actually occurred; invoices must be submitted as a request for reimbursement of actual cash expenditures. Additionally, the sub-grantee must submit copies of paid subcontractor invoices in order to be reimbursed for those service costs.
